Notes: -

1. We will meet at 8:00 am in the church parking lot with the hopes to be on the slopes by 10:30 am. We will leave Whitetail about 7:00 pm and possibly stop for pizza or fast food on the way home. Drivers will drop kids off to their home approximately 9:30 pm.
2. EZ Package provides a nice mix of beginner slopes. The First Class Package is really too limiting. The All Mountain Package permits access to all the slopes and provides a lesson, but unless you really want a lesson, it is less expensive to choose the ski rental and an 8-hour lift ticket.
3. Snow tubing is available on Friday, 2/12/2010 from 9:00 am – 10:00 pm. Cost is \$19 for a two-hour pass. If anyone is interested in tubing, that should probably be arranged as a separate outing or have a separate group drive because the tubers will not want to wait around for six hours while the skiers continue.
